

# Session 1: **Partnerships** for **Global Health** **Impact**

Chair: Nicaise Ndembu, PhD

Senior Strategy and Policy Advisor to Africa CDC Director General,  
Africa CDC, Addis Ababa

Associate Professor, School of Medicine, University of Maryland, MD

# Primary objective of the session and key themes to discuss

## Primary objective

## Thematic areas to discuss

**Pandemic Preparedness Prevention and Response** (e.g., BRICS, API/FDF production, raw material sourcing, cost competitiveness, quality, etc.)

**Regulatory strengthening** (e.g., harmonization, establishment of AMA, global quality standards, market authorization, etc.)

**Access to Finance** (e.g., innovative financing solutions, deal preparation, etc.)

**Market shaping** (e.g., pricing, demand intelligence, procurement models, incentives, etc.)

**Additional themes:** Tech/IP, R&D, Trade policy and facilitation, Innovation introduction, Transport and logistics, etc.

# Global vaccination disparities need to be addressed via an inclusive, efficient, agile and accountable platform

# 5 Ps of managing any pandemic

## Knowing the:

- **P**olitics
- **P**opulation
- **P**olicy
- **P**artnership
- **P**athogen

## PILLAR 5: RESPECTFUL ACTION-ORIENTED PARTNERSHIPS

**Africa-originated and  
Africa-defined priorities**

**Co-ordinated  
partnerships**

**Alignment with  
continental priorities  
(Agenda 2063, AfTCA)**

**Committed  
partnerships**

**Trusting and effective  
partnerships**

**Mutual benefits and  
understanding**

**Transformative Partnerships** – work with at-scale partners to strategically drive key programmatic outcomes and capacity building

**PEPFAR**  
20 YEARS OF IMPACT

**WORLD BANK**

**AFREXIMBANK**

**BILL & MELINDA  
GATES foundation**

**THE  
GLOBAL  
FUND**

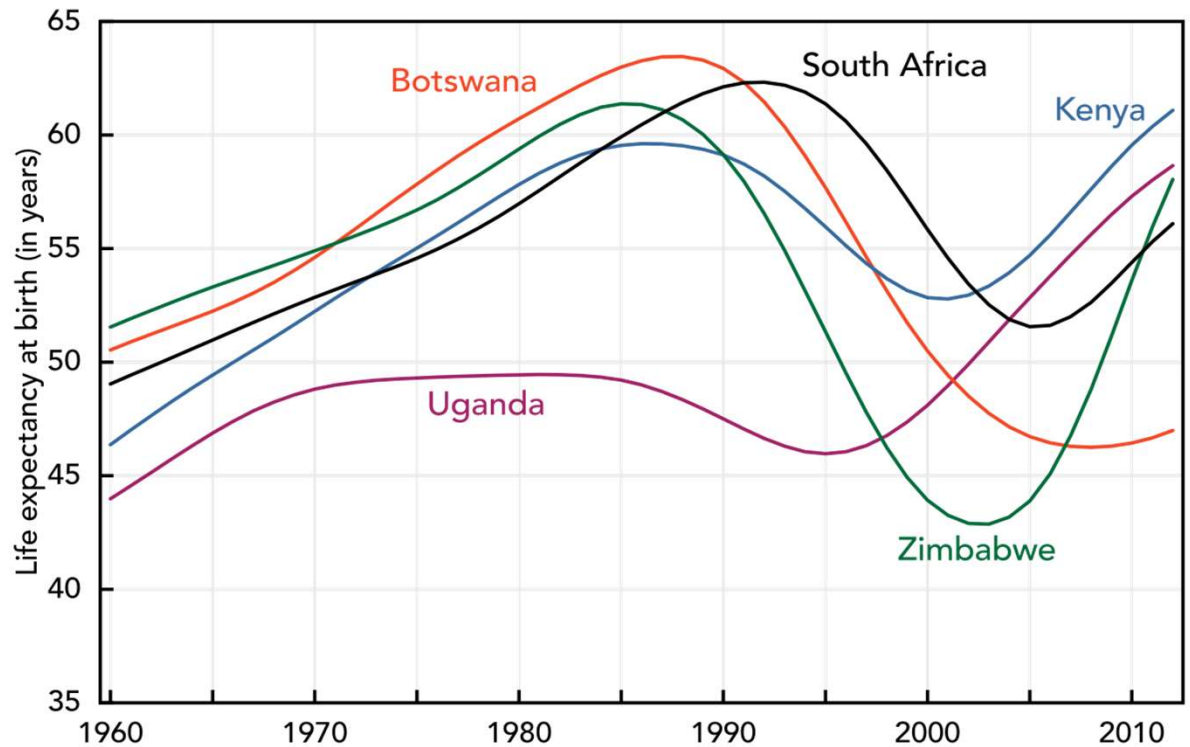

**mastercard  
foundation**

**The Susan Thompson Buffett Foundation**

## LEFT TO DIE

When HIV drugs were introduced in the mid-1990s, AIDS-related deaths kept rising in Africa but fell sharply in the United States. It took another decade for deaths to decline in Africa.

## Loss of life expectancy (years)

Zimbabwe -35

Botswana -28

South Africa -12

## PEPFAR's approach to accelerating regional manufacturing for diagnostics and ARVs

On December 16, 2022, during the Africa Leaders Summit, PEPFAR announced **bold** African manufacturing targets

In FY 2025:

**15 Million**

HIV Rapid Tests  
produced in Africa  
procured

In FY 2030:

**2 Million**

clients supported  
through procurement  
of African-made first  
line ARVs

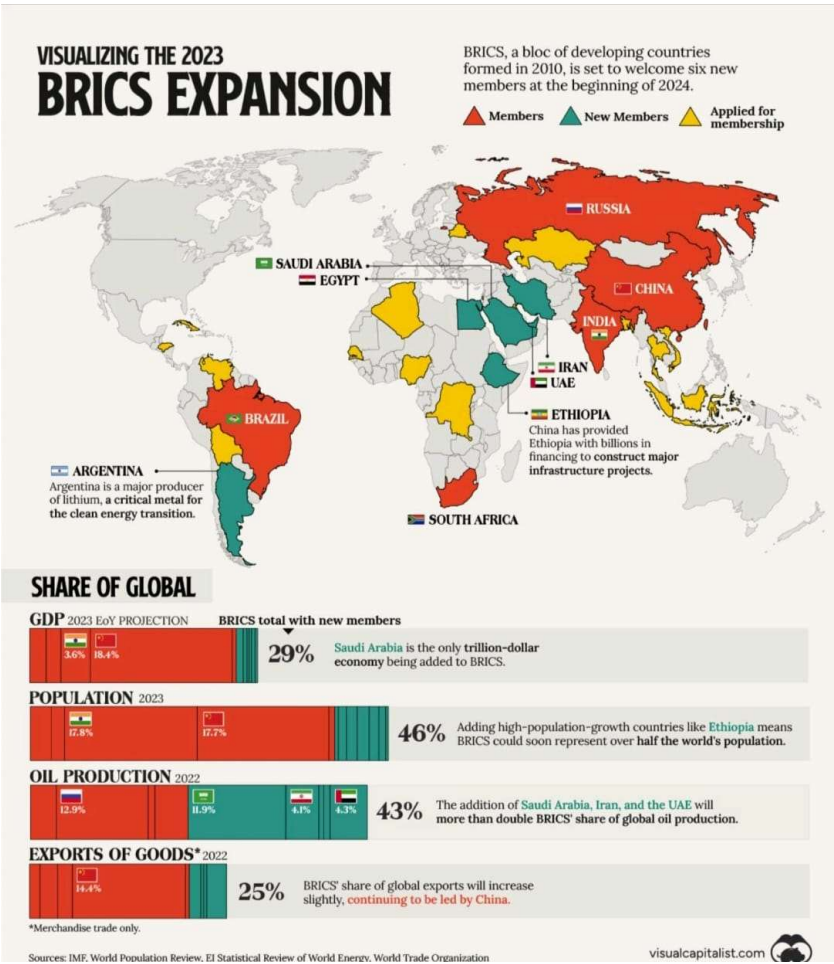

resilient and low-carbon health systems in collaboration with MDBs, and support the work of the WHO-led Alliance for Transformative Action on Climate and Health (ATACH).

- iv. Implement and prioritise tackling Antimicrobial Resistance (AMR) following the One Health approach, including through research and development, infection prevention and control, as well as antimicrobial stewardship efforts within respective national action plans through AMR and antimicrobial consumption surveillance.
- v. Facilitate equitable access to safe, effective, quality-assured, and affordable vaccines, therapeutics, diagnostics, and other medical countermeasures, especially in Low-and Middle-income Countries (LMICs), LDCs and SIDS.
- vi. Look forward to a successful outcome of the ongoing negotiations at the Intergovernmental Negotiating Body (INB) for an ambitious, legally binding WHO convention, agreement or other international instruments on pandemic PPR (WHO CA+) by May 2024, as well as amendments to better implement the International Health Regulations (2005).
- vii. Recognize the potential role of evidence-based Traditional and Complementary Medicine in health, and take note of international efforts in this direction, including WHO's global and collaborating centres, and clinical trial registries.

# Volume guarantee for LMIC surge production

<b>Description</b>	Guaranteeing a minimum quantity of orders for manufacturers to mitigate demand risk and facilitate scale-up
<b>Key gap addressed</b>	Procurement, regulatory, and scaling challenges for LMIC manufacturers

This project is part of the EDCTP2 programme supported by the European Union

EDCTP

# CONNECTIONS

3.200 AIRPORTS
